The Chicago Lighthouse

What makes this convenience store truly unique is that it is managed by The Chicago Lighthouse for People Who Are Blind or Visually Impaired, a nationally renowned social service agency dedicated to people who are the blind and visually impaired – and our neighbor on Roosevelt Road. The store will be an active part of the Chicago Lighthouse's employment services and will provide jobs to people with visual impairments.

Focus on Rush Employees

In addition to offering traditional convenience stores amenities, The Chicago Lighthouse is committed to becoming a part of the Rush family, while at the same time establishing its own unique profile. The convenience store will offer employees incentive programs.

This unique partnership, initiated between the Chicago Lighthouse and Midwest Orthopaedics at Rush, promises to benefit everyone – offering employees a "convenient" place to shop on campus, while at the same time giving The Chicago Lighthouse the opportunity to improve the quality of life for people with visual impairments.

Plan to stop by and check out this new convenience store and meet The Chicago Lighthouse staff.
