

Rush Alzheimer's Disease Center

Without Warning™

Inspired by someone affected by early-onset Alzheimer's disease, **Without Warning™** supports and empowers individuals and their families who face Alzheimer's disease early in life. Designed to enhance vitality and quality of life, **Without Warning's** specifically tailored programs offer individuals and their families opportunities for education and support. By realizing that "we are not alone," we hope individuals and their family members will find purpose, dignity, and the opportunity to live each day with meaning and grace.

General Meetings

On a monthly basis, individuals and their family members who are living with early-onset Alzheimer's disease are invited to this gathering. A pre-screening is required.

Evening for Adult Children

On a quarterly basis, adult children who are college age and older are invited for this evening together.

Day for the Children

On a yearly basis, children entering first grade through high school are invited for this day together.

All meetings are at St. Peter's Church in Elmhurst.
For a prescreening call Susan Frick at (312) 942-5359
