

\*\*\*\*Please note that the information on this resource document is not a complete list of resources and is not an endorsement or recommendation with respect to any use of your embryo for adoption/donation or research purposes or for transfer to a long term facility. Further, this information is not an endorsement or recommendation of any of the individuals or agencies that provide services to parent(s)/owner(s) of embryo(s). This information is provided for your informational use only and for you to discuss with any medical and legal consultants of your own choosing in considering your options for your embryo(s) in storage at Rush Center for Advanced Reproductive Care. The Rush Center for Advanced Reproductive Care does not provide legal or medical advice with respect to what you will choose to do with your embryo(s) in storage. That information should be ascertained from your own independent medical and legal consultants of your choosing.
