

Junior Tennis Membership

Junior Tennis at Rush Copley Healthplex is designed for those ages 11 to 17. Our group and private lessons, special events, teams, tournaments and Summer Academy are the building blocks used to create a customized plan for any novice, intermediate or advanced player. Kids will have fun while they develop their agility, balance and coordination. In addition, the confidence, discipline, determination and mental toughness that tennis promotes are great tools for student-athletes at all levels.

We now have two exclusive membership options available for your choosing. Call us today to discuss the best plan for your child.
